Team (FUT) this year will boast more significant improvements to the game's card acquisition and trading, and it also sees significant improvement to the three FIFA Ultimate Team modes: Squad Battles, League Cups and Leagues. Squad Battles are a group of multiplayer matches where you need to add points to your players by winning, to achieve your dream team, but there are several obstacles to achieve success such as other players, sponsors, and the transfer market in FIFA Ultimate Team mode. There are currently more than 16 million players on the market, more than in any game in history. You can change positions, tactics, set-up and transfer your players during the whole battle. In FIFA Ultimate Team League Cups, you are trying to win the trophies that are in the League Cups of top leagues all around the world. You get the trophies with the points that you collect. Finally, Leagues offer the newest and most complete mode within Ultimate Team. A new feature is the journey to the end of the season. This journey is over new game events, and new challenges that are given in each of

FIFA is the world's leading videogame, and has been for more than 30 years. Having created the Ultimate Team in FIFA 17, we're introducing more ways than ever to play with friends to create your Ultimate Team. "In football, the number of options is infinite, and the most fun is the game itself, the battle for the ball," FIFA Chief Creative Officer Andrew Rippin said. "By introducing more intelligent AI, deeper animations and exclusive gameplay features, we're focused on going one step further to give players the best game possible. "We're announcing over 30 innovations across the game, including a brand new Pass the Ball camera, an upgraded tackling system, more moments of magic in matchday, and a host of other features. "We're bringing more options to the most active fans on the planet, giving them the most responsive AI and the best possible game. "No matter how you play, we're bringing FIFA even closer to the real thing." Key Features: 1. Bring the World's

Game to Your Living Room As the Ultimate Team breaks through its glass ceiling, fans will be given the opportunity to design their own playing style and choose from more options than ever before. Here are some of the biggest innovations: Authentic FIFA Ultimate Team ownership unlocks For the first time ever, fans can own their Ultimate Team players. Take on your friends and join other FIFA Ultimate Team players in battle to be crowned the champion of the FUT community. The inclusion of players from recent top leagues, such as La Liga, Bundesliga and Ligue 1 means that, for the first time ever, fans can own authentic players from the world's top leagues. Dynamically create your Ultimate Team For the first time in an EA SPORTS FIFA title, fans have the chance to build their own team by choosing from every single player on the market. With FIFA's unique Master League Create Mode, fans can pick the style of their team as they create their vision. As they build their team, they will be able to transform it into a ready-for-play franchise and take them online in FIFA
